

# Reading Strips

She brushed her teeth everyday

I washed all my clothes yesterday

Dad and me watched the game last night

She kicked the ball into the goal

My friends pumped air in their cycles

I helped my grandmother to water the plants

My mom and me baked a cake

As a kid I loved to swing

I saved enough money to buy books

She hugged her dog

He jogged in the park everyday

# Reading Strips

I planted lot of trees around my house

She jumped up and down on the couch

I walked to my school today morning

The dog chased the cat

She sipped the juice slowly

I dipped my feet in the water

The ice cream melted very fast

She saved the plants by watering them

She baked a cake for her brother

He skated in the park

The milkman milked the cow gently
